Our manager, staff, and volunteers will ensure courteous service, delicious home-made food, and a clean and comfortable atmosphere. That promised, we would also like to remind you why we are all here...

The American Legion is the nation's largest military service organization. It was chartered by Congress in 1919 to assist injured veterans, and the widows & orphans of those who gave all. Our post was founded in 1921 and has (solce) (19) status meaning donations are tax deductible. Our Auxiliary in 1923, and our SAL in 2008. All are active.

The American Legion advocates for national security, veterans' and active duty service members' quality of life, youth programs, and patriotism. We wrote and passed the GI Bill and continue to lobby from the grass roots level.

"The American Legion's success depends entirely on active membership, participation and volunteerism. The organization belongs to the people it serves and the communities in which it thrives."

< www.legion.org >

When taxes added, prices above are designed to come out to an even nickel. We don't keep pennies stocked. The cost of producing them exceeds their value. Nickels are next.
